

## Scientific Reviewers<sup>1</sup>

**Patrick Brown**, University of California Davis

**Karen Burow**, US Geological Survey

**Klaus Butterbach-Bahl**, Karlsruhe Institute of Technology

**Alejandro R. Castillo**, University of California Cooperative Extension, Merced

**Jana Compton**, US Environmental Protection Agency, Western Ecology Division

**Jeannie Darby**, University of California Davis

**Mark David**, University of Illinois at Urbana-Champaign

**Mark Fenn**, US Forest Service, Pacific Southwest Research Station

**Peter Groffman**, Cary Institute of Ecosystem Studies

**Baojing Gu**, Zhejiang University

**Jane Hall**, California State University, Fullerton

**Timothy Hartz**, University of California, Davis

**Greg Hitzhusen**, Ohio State University

**Don Horneck**, Oregon State University

**Casey Hoy**, Ohio State University

**Vivian Jensen**, University of California Davis

**Thomas Jordan**, Smithsonian Environmental Research Center

**Kathleen Lask**, University of California, Berkeley

**Matt Liebman**, Iowa State University

**Bruce Linquist**, University of California Davis

**Marsha Campbell Mathews**, University of California Cooperative Extension

**Jean Moran**, California State University, East Bay

**Geoff Morrison**, University of California Davis

**Jay Noel**, California Polytechnic State University

**Doug Parker**, California Institute for Water Resources, University of California Agriculture and Natural Resources

---

<sup>1</sup> Additional reviewers will be added as the review process continues. Updated 4 February 2014.

## CALIFORNIA NITROGEN ASSESSMENT

Agricultural Sustainability Institute, UC Davis

UC Sustainable Agriculture Research and Education Program

**Changhui Peng**, University of Quebec at Montreal

**George S Pettygrove**, University of California Davis

**Robert Pinder**, US Environmental Protection Agency, Office of Research and Development

**Sasha Reed**, US Geological Survey

**Bradley Rickard**, Cornell University

**Thomas Ryerson**, National Oceanic and Atmospheric Administration, Chemical Sciences Division

**Hugh Safford**, USDA Forest Service

**Mindy Selman**, World Resources Institute

**Benjamin Sleeter**, US Geological Survey

**Heidi Stallman**, University of Missouri

**Lars Stoumann Jensen**, University of Copenhagen

**Chris van Kessel**, University of California, Davis

**Mary Ward**, National Institute of Health

**Arnim, Wiek**, Arizona State University
